Lenovo 500e Gen 4 Touch, Flip, Stylus 12-inch 8GB 64GB Chromebook

with Case and 3-year Mechanical Warranty (no excess)
3-year Accidental Damage Cover (£20 excess)

This package is for 12 monthly direct debits.

The Lenovo 500e Yoga Chromebook Gen 4 easily adapts to all the ways learning occurs today. Use it as a standard laptop for writing papers or doing research. Or use the rugged, 360° hinge to flip around the display to create a tablet for easy note taking—or sketching using the optional garaged Lenovo Rechargeable USI Pen. It also offers tent and stand modes ideal for sharing your screen with the class or just kicking back to stream a movie.

With a front-facing camera the 2-in-1 Lenovo 500e Yoga Chromebook is ideal for remote learning, creative projects, and team problem-solving. The touchscreen—upgraded to 12.2-inch with WUXGA resolution for Gen 4—unleashes new ways to work and interact, from taking tests online to grading tests on-screen. Students and teachers love the Chromebook App Hub, with resources including Google Workspace for Education Fundamentals.

Students can be hard on portable PCs. That's why the Lenovo 500e Yoga Chromebook Gen 4 2-in-1 is tested against MIL-SPEC-810H standards. We also apply our own DuraSpec standards for school laptops, such as withstanding a controlled 76cm / 29.9″ drop onto concrete, and force-testing the top cover up to 60kg. Shock-absorbing bumpers, reinforced ports—it all helps. The display features Corning® Gorilla® Glass, and the top-loading keyboard has full-skirt, antipry keys with spill-resistance to 360 ml / 12.17oz.

There's more to learning than desks and lectures. Students need secure access to the internet, local file-sharing capabilities, easy connections to peripherals, and more. There's also a wide selection of ports, including USB-C, USB-A, and HDMI, as well as handy security features such as a cable-ready lock slot and webcam privacy shutter.

With a high-capacity battery that supports rapid charging (requires 65W or higher adapter), the Lenovo 500e Yoga Chromebook Gen 4 convertible laptop can run for hours. So go ahead, take your studies—or lesson-planning—with you!

Operating System: Google Chrome OS
Processor / Chipset: CPU Intel N-series N100 / 800 MHz
Max Turbo Speed: 3.4 GHz
Number of Cores: Quad-Core
Cache: 6 MB
Features: Integrated memory controller
Memory: RAM 8GB
Technology: LPDDR5 SDRAM
Speed: 4800 MHz
Rated Speed: 4800 MHz
Storage: Main Storage 64 GB eMMC - eMMC 5.1
Display: Type 12.2-inch - IPS
Touchscreen: Yes (10-point multi-touch)
Resolution: 1920 x 1200 (WUXGA)
Widescreen: Yes
Image Aspect Ratio: 16:10
Image Brightness: 300 cd/m²
Horizontal Viewing Angle: +85 / -85
Vertical Viewing Angle: +85 / -85
Colour Gamut: 50% NTSC
Features: Glossy, Corning Gorilla glass, One Glass Solution, anti-fingerprint, Low Blue Light technology
Graphics Processor: Intel UHD Graphics
Max Monitors Supported: 2 external monitor(s)
Camera: Yes - 720p
Resolution: 5 Megapixel (rear)
Camera Features: Privacy shutter, fixed focus
Type Keyboard: digitizer, touchpad, digital pen
Features: Spill-resistant, multi-touch touchpad, buttonless touchpad, anti-pick proof key caps, full-skirt design key caps
Wireless: Bluetooth 5.1, 802.11a/b/g/n/ac/ax (Wi-Fi 6E)
Wireless Controller: Intel Wi-Fi 6E AX 211 - M.2 Card
Battery Technology: Lithium polymer
Capacity: 47 Wh
Run Time: Up to 12-hours
AC Adapter: Input AC 100-240 V (50/60 Hz)
Output 65 Watt: Connections & Expansion
Interfaces: 2 x USB 3.2 Gen 1 ¦ USB-C 3.2 Gen 2 (supports DisplayPort Alt Mode)
Colour: Graphite grey
Security: Google Security Chip H1
Features: RapidCharge, MIL-STD-810H tested
Security Slot Type: Kensington NanoSaver security slot
